PRODUCT DATA SHEET

FRIGO58 SMARTLIFT-CS 1D STANDARD PLUS VENTILATION DOOR

The Frigo58 SmartLift-CS 1D Standard Plus is a single span, fixed bulkhead. The SmartLift balancer system with steel coil springs works in accordance with standard Schmitz Cargobull Multitemp Track. The SmartLift balancer system allows the bulkhead to be easily and quickly repositioned over the length of the trailer. This Standard Plus version includes the floor stopper recessed into the bulkhead, incorporates ergonomic handgrips and includes an integrated ventilation door. This IsoLok solution can be retrofitted to Schmitz Cargobull Multitemp trailers.

The Frigo58 SmartLift-CS Ventilation Door will be delivered according to trailer specifications.
