

PRODUCT DATA SHEET

COOL67 TOPMOUNTED 3D SLIDE-SHIFT

The Cool67 TopMounted 3D Slide-Shift is a fixed bulkhead that consists of 3 individual panels. The bulkhead is equipped with TopMounted trolleys on both sides with manual locking, and slide into a LoadLok 3061 or 3062 J Track (not included). This Slide-Shift version will slide left/right and can be repositioned over the length of the trailer.

The Cool67 TopMounted 3D will be delivered according to trailer specifications.
